NUMBER C9.

SENATE AND HOUSE.

Proceedings of Both Branches of the National Legislature.

SENATE POORLY ATTENDED.

Several Resolutions Passed but None of Very Great Importance—The House Begins to Consider Local Measures, Which Are Being Endangered by the Near Approach of the Close of the Session.

WASHINGTON, Feb. 13.—There was a sparse attendance in the senate yesterday.

Mr. Cullom presented a memorial from various trade and transportation associations in Chicago, asking legislation to protect express companies from train robberies and railroad trains from train wreckers.

Mr. Jones (Dem., Ark.) reported the bill adopted by the finance committee for the unlimited coinage of silver. It was placed on the calendar.

Mr. Hill secured unanimous consent for the consideration of a resolution which he introduced asking for information concerning the appointment and removal of postmasters in New York. The resolution was agreed to.

Mr. Vest from the finance committee reported a joint resolution extending the time for collecting the income tax and asked for its immediate consideration, but objection was made and the resolution went over.

Mr. Puffer called up his resolution requiring the judiciary committee to report his resolution inquiring into the legality of the recent bond issues. It also went to the calendar.

A joint resolution to enlarge the Red Cliff Indian reservation in Wisconsin was passed, after which Mr. Allen resumed his speech on the alleged election frauds in Alabama.

A house bill to amend the act to establish circuit courts of appeal was called up and passed; also the following, a bill for the relief of certain Winnebago Indians in Minnesota, also 28 private pension bills.

After an executive session the senate, at 6:08, adjourned.

In the House.

WASHINGTON, Feb. 13.—Members crowded before the speaker's desk in the house to secure consideration of the many local measures which are being endangered by the near approach of the close of the session. Among the bills and resolutions passed were those returning war flags to certain Michigan regiments; donating condemned cannon to Des Moines; incorporating the National Association of Florists; senate bill, granting public lands in Mississippi to aid in the mechanical and agricultural schools of the state, and house bill, authorizing the restoration to the public domain of certain reservations in Mississippi and Alabama now held by the navy department for naval purposes.

THE BROOKLYN STRIKE.

It Will Probably Be Called Off in the Near Future.

BROOKLYN, Feb. 13.—As a result of a conference held yesterday between President Lewis and the board of directors of the Brooklyn city railroad, and ex-Assemblyman John Graham and Police Justice Tighe, the trolley strike in Brooklyn, which was begun on Jan. 14 last, will be called off at once. There were several conferences during the day, one of which was held in the Germania building, in Lawyer Towns' office, at which Master Workman Connelly and Andrew D. Best, member of the executive board of District Assembly 75, together with Justice Tighe and several of the directors of the Brooklyn Heights railroad were present. The conference held later in the day lasted several hours, and after an adjournment Mr. Graham said that he expected everything would soon be settled. The men withdrew all demands, he said, except that the strikers be returned to their old places. Neither he nor Justice Tighe would say what President Lewis had to say in the matter beyond stating that he would soon make definite answer to the men's proposition.

It was learned, however, that President Lewis promised to take the men back, one by one, as they reported for work at the car stables. It would be a question of first come, first served. When vacancies occur by the dismissal of nonunion men, or on account of their leaving, the old men would be put in their places, but it is understood that no new men will be discharged to make room for the old.

At the strikers' headquarters the representative member of the board, Collins, simply said that the matter would be fully discussed before any action was taken.

Electric Car and Wagon.

LOUISVILLE, Feb. 13.—By a collision between an electric car and a wagon at Brook and Main streets, Frank Story and wife received injuries which will probably result fatally. The motorman saw that a collision was inevitable and sprang from his car, leaving it running wild. The car struck the wagon and smashed the rear end to splinters, throwing the occupants out and injuring them internally. They will probably die. Ed Clark, another occupant of the wagon, escaped injury by jumping.

In South Africa.

SAN FRANCISCO, Feb. 13.—John C. Hall, once a prominent lawyer of this city, who fled four years ago after deserting his wife and children after misappropriating \$100,000 of an estate left in his charge, and for whom the police have been vainly searching, has been heard of from Johannesburg, South Africa, where he is engaged in journalism.

TRIPLE MURDERER ARRESTED.

Rewards For His Capture Aggregating \$1,200 Were Outstanding.

COLUMBIA, S. C., Feb. 13.—Joe Averick, a triple murderer, was caught yesterday in this county, and is still in jail awaiting the arrival of extradition papers, when he will be carried to Georgia for trial. Rewards for his capture aggregating \$1,200 were outstanding.

He first lived with Christian Biser in Colleton county, S. C. Averick then went to Georgia, where he killed a negro. After this he assumed the name of Samuel Roberts, and went to live with Levy Harvey of Screven county, Ga. He killed a white man named Howard while there, becoming enraged with Howard as the result of a transaction about some cotton. He escaped, took the name of Abe Small and began operations in Savannah. For some depredations committed there the police arrested his arrest, when he killed Lieutenant Navy of the police department.

Averick again eluded justice, and fled to the Pocataligo region, where he took the name of Sam Grant and commenced living with a woman from Fairfield county, claiming her as his wife. Shortly afterward he went up to Fairfield and got work from Dargan Brown. He made frequent visits from there to Colleton, his former home. Detectives have been on his trail for months. He was some weeks since located here, and from here traced to Fairfield. After much trouble he was arrested on the line between Richland and Fairfield by a posse composed of R. C. Williams, Durham Brown, Dargan Brown and Cook Brown.

ASTOUNDING SHORTAGE.

Suits For Half a Million Began Against the Estate of Rufus Ramsey.

CARLEYS, Ill., Feb. 13.—When Rufus Ramsey, who died suddenly three months ago, supposedly of heart disease, went into the state treasury two years ago he was thought to be the richest man in Southern Illinois. Within a week over \$500,000 in claims against his estate have been filed, but the most startling fact is that of the five Chicago bankers who were his surety as state treasurer.

When Henry Wulf succeeded the dead man he found a shortage of \$363,539.52, which he communicated to his bondsmen, who have so far suppressed it in the hope of reimbursing out of the estate of the dead man. Now F. M. Blount and Carl Moll, cashiers of two Chicago national banks, have filed in the county court claims for the full amount of the shortage.

In the claims filed by Messrs. Blount and Moll, it is specifically alleged that the shortage was of the amount named, that the bondsmen made it good and that the claims are filed for the reimbursement of the bondsmen.

A Line of Canal Boats.

CLEVELAND, Feb. 13.—A company has been organized in this city to build and operate a line of canal boats between Cleveland and New York. Eighteen boats will be constructed. They will be built so as to be seaworthy on Lake Erie, and will be towed by propellers down the lake and through the Erie canal. It is claimed that the scheme will give Cleveland the control of the iron market for New York and New England and make it possible to make all shipments far more cheaply than by rail.

All Liabilities Covered.

COLUMBUS, O., Feb. 13.—Alfred Kelly, a well known and wealthy citizen, has assigned to Herbert E. Bradley. The famous Kelly homestead on East Broad street, erected in 1833, and occupied by Governor Campbell during his term of office, valued at \$45,000, is reserved. The property assigned includes valuable real estate in the city, and 812 acres in the Scioto valley, which will more than cover the liabilities, which are estimated at about \$100,000.

Ratiff Attempts Suicide.

MOUNT STERLING, Ky., Feb. 13.—Charles Ratiff attempted suicide by shooting himself in the left breast with a revolver. He is the same young man who some three weeks since created a sensation by swearing out a warrant for the arrest of Detective George Drake, at the time engaged here in working up a case against the lynchers of Tom Blair, who was hanged on the morning of Jan. 1.

Alleged Train Robbers Arrested.

FORT SMITH, Ark., Feb. 13.—Late yesterday afternoon Deputies George Lawson and Grant Johnson arrested Wade Chamberlain in a saloon in this city for the Blackstone train robbery. Chamberlain is a white man about 30 years old, Cherokee Bill, who is charged with leading the gang in that robbery, is under indictment for the murder of Ernest Melton at Lonapah, and his trial was set for Feb. 20.

Suffering on Account of Cold Weather.

MEMPHIS, Feb. 13.—Reports are coming in of great suffering among the poorer class of people at different points, owing to the continued cold weather. At Jackson and Meridian, Miss., relief committees were organized and through generous contributions of citizens, all necessary aid was extended in the way of coal, provisions, etc.

Steamer Stuck in the Ice.

PHILADELPHIA, Feb. 13.—The big American line steamship Southwark, which left Liverpool Jan. 30, and was the only vessel that spoke La Gascogne at sea during the 12 days out, is stuck in the ice in the Delaware, a few miles below Chester. She has 300 steerage and 25 cabin passengers on board besides a miscellaneous cargo.

WASHINGTON, Feb. 13.—Yesterday's statement of the condition of the treasury shows: Available cash balance, \$141,644,800; gold reserve, \$41,340,181.

WAR NOT LIKELY.

Mexico - Guatemalan Difference to Be Settled.

ARBITRATION A PROBABILITY

Guatemala Is Only Now Trying to Find a Way Out of the Difficulty Which Will Not Smack Too Loudly of a Backdown. Guatemala Willing to Submit to Any Arbitration.

CITY OF MEXICO, Feb. 13.—Mexico Guatemalan negotiations continue dragging along. A prominent person says the question will surely be settled peacefully, as it is considered that Guatemala is only now trying to find a way out of the difficulty which will not smack too loudly of a backdown.

A heavy storm prevails on the gulf along the Mexican coast. Small craft are endangered.

The Mexican gunboat Libertad has left Vera Cruz for the south. Many reports were circulated in connection with her sailing, but officials contend that the Guatemala trouble has no connection with her orders to sail.

Guatemala Willing to Arbitrate.

GUATEMALA, Feb. 13.—President Barrios has stated to a newspaper correspondent that although he has every hope of a peaceful settlement of the difficulties between Mexico and Guatemala, the settlement must be on the basis outlined by Guatemala. As to the question of indemnity, he said that Guatemala can not concede Mexico's claims, but is willing to submit that question to the arbitration of any neutral power Mexico may select.

A DESPERATE BATTLE.

Two Men Fight Until Exhausted by Loss of Blood.

TERRE HAUTE, Ind., Feb. 13.—Thomas Fitch lies in St. Anthony's hospital, this city, in a critical condition, the result of a terrible fight with Abe Mack of Trunkeyville. The men are miners and heads of families, but Fitch has separated from his wife. Formerly the men worked together in the mines at Grant, but more recently Mack went to work for the Vigo Coal company. There had been a quarrel between Mack and Fitch over Fitch's wife, and there was bad blood between the men. Accidentally they met near Grant, and Fitch saluted Mack with the remark, "Hello Bud," a nickname by which Mack was familiarly known.

Without reply Mack fired upon him with a revolver, the first shot striking Fitch in the breast and lodging in his lungs. Two shots struck him in the forearm and one lodged in his left side. These shots were fired in rapid succession, but it did not prevent Fitch from drawing his knife, and closing in on his antagonist. Fitch drove the knife into Mack's body several times, and also slashed him about the face, neck and arms. Both men fought like bull dogs, until they were so weakened by loss of blood that the battle could not be continued. Mack was carried to his home at Trunkeyville, where he also lies in a critical condition.

Charges of Bribery Withdrawn.

FORT WAYNE, Feb. 13.—Last December The Daily Morning Journal, Democratic, accused the Republican mayor and police force with receiving bribes from gamblers, and the mayor and police instituted libel proceedings, laying damages collectively at \$150,000. Yesterday The Journal stated in a double-column leader that the charges were absolutely false in every particular, and made the amende honorable. The libel suits were withdrawn at noon.

Suit For \$250,000.

INDIANAPOLIS, Feb. 13.—A suit of Receiver Hawkins, of the Indianapolis National bank, to foreclose the \$250,000 mortgage executed by the Indianapolis Cabinet company to secure bonds which the bank held as security for the indebtedness of the cabinet company, has been begun before Judge Brown.

Shooting Affray.

BRAZIL, Ind., Feb. 13.—A feud between Henry Hyde and Sanford Taylor, at Seelyeville, culminated in a shooting affray, in which Taylor was shot through the right breast. The wound is reported as mortal, paralysis having resulted. Hyde is an old soldier and Taylor a young miner.

Terrible Weather.

CAPE MAY, Feb. 13.—The pilot boat F. C. Knight, about which so much anxiety has been felt since she put to sea on Thursday, reached Cape May at noon Tuesday. All on board were well, but have experienced terrible weather.

Epidemic of Diphtheria.

MUNCIE, Ind., Feb. 13.—There is an epidemic of diphtheria at Bethel, this county. Nearly one-half of the families in the little town are afflicted. Amanda McKinley, 16 years old, is the most recent death from the disease.

Dental Company Damaged.

FORT WAYNE, Feb. 13.—The Keller Dental company's 3-story brick block was damaged by fire to the extent of \$5,000. The firm does business all over the United States. The loss is partially covered by insurance.

A Farmhouse Destroyed.

SHELBYVILLE, Ind., Feb. 13.—The large farmhouse of Sydney Sullivan burned yesterday, with contents. Loss, \$2,000. Uninsured.

Imported Talent.

NEW YORK, Feb. 13.—The Normandio brought a company of 34 artists for Rudolph Aronson of the New York Casino.

SENSATIONAL SHOOTING.

One Prominent Man Kills Another One at Chattanooga, Tennessee.

CHATTANOOGA, Feb. 13.—Robert E. Craig, trustee of Hamilton county, shot and killed A. M. Womble in the corridor of the Russell House yesterday afternoon. Womble had been in Craig's employ as a deputy. Early in December he was removed for causes not stated, but it is asserted that there was nothing wrong with his affairs. The removal occasioned surprise, but Mr. Womble did not seem to have any ill-will toward Mr. Craig and the two never had a quarrel before yesterday afternoon so far as is known.

What brought on the difficulty is not yet very clear. Both men are peaceable and always cordial in their demeanor to all. Mr. Womble called on Mr. Craig at his room shortly after noon, and the fight commenced behind the closed doors and was a terrific one. Mr. Craig fired one fatal shot at Womble in the apartment, who immediately ran out into the hall, pursued by Craig. Half way down the stairs Womble fell exhausted from the wound. Craig descended, and, standing over him, snapped the pistol several times. It failed to work, and he broke the weapon. Then he shot it up and shot at Womble twice, one ball entering the abdomen and passing almost through the body. Either of the wounds received would have caused death and Womble expired in a few minutes, making an ante mortem statement that Craig had invited him to his room and then shot him from behind. Intense excitement followed the shooting. Both men were most prominent, especially Trustee Craig, who is a young man and a great favorite in society; Craig was slightly injured in the fight, and is being guarded in his room.

Not Badly Treated.

VICTORIA, B. C., Feb. 13.—Captain Swain of the bark Ophir, which was wrecked at Fiji, who was a passenger on the steamship Warrimoo, does not believe that Messrs. Muller, Granton and Johnston, who were banished from Hawaii, have been as harshly treated as the Hawaiian authorities as they claim. He says that had the consuls kept to their protest at the wharf they would have been put ashore, but that after they had had a conference with the attorney general of Hawaii they seemed willing to let the men be deported. He says that there is little doubt that if the men had been kept at Honolulu and had been tried that they would have been found guilty. He believes that official reports from the consuls will put a different complexion on the matter, but adds that he believes the men should have been given trials before being deported.

General Schofield Again on Duty.

WASHINGTON, Feb. 13.—Although still suffering from the effects of the grip, Lieutenant General Schofield has resumed his official duties at the war department. Under the law the lieutenant general is allowed a military secretary with the rank of lieutenant colonel of cavalry. This distinction has been conferred upon Lieutenant Colonel Wherry, Second Infantry, who served on General Schofield's staff as an aide throughout the civil war. His station is at Omaha, but he is at present at Newport Barracks, Ky., on leave.

Choctaw Students in Distress.

SPRINGFIELD, Mo., Feb. 13.—Eight Choctaw Indians who have been attending Drury college left yesterday for the nation, and will not return until next year. The recent trouble in the nation has completely bankrupted the treasury, and about 200 Choctaws attending colleges throughout the land will have to go home.

Short in His Accounts.

COLUMBIA, S. C., Feb. 13.—The accounts of B. O. Evans, dispenser at St. Matthews, were found to be \$2,375 short, and his arrest was ordered on charges of breach of trust and larceny. His bond is good for the shortage. He had been doing a crediting business, which is a violation to the dispensary law.

Freight Coaster Overdue.

NEW YORK, Feb. 13.—The freight carrying coaster City of St. Augustine, seven days overdue, which sailed from Jacksonville, Fla., Jan. 30, for this port, is still out. She doubtless met the full force of the recent big storm which lashed the coast and was probably disabled.

Death of an Inventor.

ROCHESTER, Feb. 13.—John H. Gordon, one of the inventors of the famous Gordon harvesters, the first practical combination reapers and binders ever put on the market, died yesterday of paralysis. Mr. Gordon was almost 55 years of age.

West Virginia Woolgrowers.

WELLSBURG, W. Va., Feb. 13.—The Woolgrowers' association will hold a meeting in the courthouse on Feb. 16 for the purpose of electing delegates to attend the state Woolgrowers' association meeting, to be held at Morgantown Feb. 21.

Roasted Fish.

BUFFALO, Feb. 13.—Fire was discovered yesterday in the wholesale fish warehouse of James H. Dorner and damaged the building and contents to the extent of \$45,000; insurance, \$25,000. The origin of the fire is not known.

Blasting Ice.

MANISTE, Mich., Feb. 13.—One thousand pounds of dynamite has just arrived here to be used for blasting the ice, with a view of freeing Ann Arbor ferry No. 1. Manager Ashley thinks the boat will be extricated within 24 hours.

REVOLUTIONARY WAR

Serious Disturbances in the Republic of Colombia.

SEVERAL BATTLES FOUGHT.

The Government Says the Result Was Very Disastrous to the Revolutionists, but the Agents of the Rebels Assert That This Is Not True—American Interests Are Being Protected.

NEW YORK, Feb. 13.—A late arrival from the isthmus of Panama brings information of the seriousness of the revolution now in progress in the republic of Colombia. Battles have been fought at several places in the interior, which the government reports as disastrous to the revolutionists, but the agents of the rebels assert that this is not true.

The activity of the government in chartering the coastwise steamer Premier and forwarding arms and ammunition to the southern departments shows the anxiety felt. No reports unfavorable to the government are allowed to be printed. Local mails and personal letters are subject to inspection, and letters of significance, antagonistic to the government would result in the immediate arrest of the sender. All passenger ships arriving at Colon are closely examined for suspected sympathizers and munitions of war, and the cable lines are also under surveillance.

Affairs on the isthmus are very dull and seemingly quiet, but an outbreak is imminent at any time, as the laborers employed by the Panama railroad and canal companies are on the verge of a strike, owing to low wages, and increased cost of living since Jan. 1, when an import duty of 10 per cent on all invoices went into effect, and in the event of a strike of railroad employees, there is little doubt that the sympathizers of the revolution would take advantage of the situation to secure arms and ammunition from the government department. No one is allowed on the streets of Panama and Colon without a pass after 10 p. m., and the police are ready to disperse any crowd, even in the day time.

News of the wreck of the steamship Amerique, of the Compagnie Generale Transatlantique, off Savannah, on Jan. 27, reached Colon Jan. 30, and the agent of the company applied to the commander of the American man-of-war Atlanta, lying off the port, for his assistance, but owing to the critical condition of affairs on the isthmus, and the assurance that no lives were in danger, the captain decided that his ship was needed more for the protection of American interests at Colon than to assist the French ship.

The presence of the Atlanta at Colon and the Nymph and the Satellite, two English men-of-war, at Panama, has a salutary effect on the dissatisfied employees of the Panama Railroad company, as heretofore all strikes have resulted in the burning and pillage, not only of the railroad property, but of all other classes of property, and these people know that as long as a man-of-war is in the bay there will be no chance of plundering the stores, as the blue jackets would be sent ashore at once to protect property.

SITUATION AT WEI-HAI-WEI.

All the Ports on the Main Land Have Been Captured by the Japanese.

YOKOHAMA, Feb. 13.—The following gives a summary of the situation at Wei-Hai-Wei. According to the latest intelligence, all the forts on the main land have been taken by the Japanese and a fort on one of the islands in the harbor has been silenced.

The ironclads Ting Yuen and Lai Yuen and the cruisers Ching Yuen and Wei Yuen have been sunk and 13 torpedo boats either destroyed or captured. One Japanese torpedo boat was lost and two were disabled. The remainder of the Chinese warships, including the Chen Yuen, together with the forts on the island of Lai-Kung-Tao, are holding out.

Progress of the War.

LONDON, Feb. 13.—The Times publishes the following dispatch sent from Kobe under date of Feb. 9: "The Chinese forts on the smaller island in the bay of Wei-Hai-Wei are silent and it is believed that they have been abandoned. The forts on the island of Liu-Kung-Tao, however, are still active."

ATTEMPTED TRAIN WRECKAGE.

Ties Filled Across the Rails, but Discovered Just in Time.

ATLANTIC CITY, Feb. 13.—An attempt was made late yesterday afternoon to wreck an express train on the Reading road at South Hammonton, by placing four wooden ties across the rails. The engineer saw the obstruction, and the only damage sustained was a wrecked pilot, although the passengers were shaken up and frightened.

A similar attempt was made to derail the Camden and Atlantic through express at Elwood, but the ties were discovered by section hands and removed a few minutes before the train came along. It is believed this is the work of tramps and a posse of farmers has been organized at Elwood to scour the surrounding country. The excitement is intense there.

Railroad Wreck.

TRINIDAD, Col., Feb. 13.—The first section of the eastbound Santa Fe California express No. 4 was run into by a Rio Grande switch engine at Elmore, four miles east of here, last night. The Santa Fe engine was overturned, and traffic blocked on both roads for eight hours. No one was seriously injured.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.

ROSSER & MCCARTHY,
Proprietors.

WEDNESDAY, FEBRUARY 13, 1895.

Snow flurries, followed by fair weather by Wednesday noon.

Here's the situation in a nutshell:
"The President has urged Congress to relieve the treasury by action which would supply it with funds and restore confidence in the ability of the Government to maintain the parity of the two metals," says the Louisville Post. "That is the Democratic measure; it leaves the tariff as it is and would give the Republicans no excuse for tampering with it. But the silver men are ready at any time to sacrifice tariff reform to silver inflation, and so they defeat every recommendation of the President, and throw him back on a Republican Congress. That Congress will come together determined to increase the tariff, to advance rates and create a surplus. Hence the opposition of the Republicans to any action. And they are assisted by alleged Democrats in Congress who call themselves free silver men."

A GAY DECEIVER

Wealthy Cincinnati Ladies Numbered Among His Victims—He's Captured at Last

[Cincinnati Tribune.]

One of the newest and shrewdest adventurers was caught Monday night in Chicago. The prisoner calls himself Harold K. Cavelle, and the charge is using the mails to promote a scheme to defraud.

Last fall an advertisement something like the following appeared in the Cincinnati papers:

"American widower, 42, no children, strictly temperate, moral, does not use tobacco, agreeable and affectionate, belongs to old and respectable family, has beautiful home and means, desires to correspond with Christian widow or maiden; object matrimony. A lady living in her own home and accustomed to wealth and refined surroundings preferred. Address Lock-box 1284, New Orleans, La."

There were many replies. Meetings were arranged in Cincinnati. The widow or maiden found Harold to be an exceedingly handsome fellow, dressed faultlessly and adorned with diamond pin, rings and a watch pendant of diamond and ruby cluster. Harold was a suave conversationalist and a perfect gentleman in manners.

If the fair correspondent met his requirements he would inform her that he was the lord of a beautiful Southern villa, that he was very wealthy and needed only a wife to fill his cup of contented happiness. Harold would take the promising one to the theaters, pay for champagne suppers and carriage rides—in line do everything gallant.

One night, after having taken the affianced to her hotel, and on the way to the Emory, where he stopped, he would be conveniently set upon by footpads and relieved of all his precious jewels, watch, money and other valuables.

He would rush back to the Grand or St. Nicholas and tell the woman breathlessly what had happened. He would say that he had reported the matter to Captain Grannan, of the detective agency, but that Grannan had refused to act without an advance of \$100. He, Harold, had telegraphed home for money, but in order to insure a capture of the robbers, could the dear one let him have the \$100. It was always forthcoming. Large sums for other things were also obtained.

The women in the case are numerous, and are of Cincinnati's best society. They have lost many hundreds on this gay bird of passage. It is impossible to learn their names. The case was put into the detective's charge only on the condition of absolute secrecy as to the names. It is indeed doubtful whether any of the women can be induced to appear against the wily Harold.

MR. AND MRS. WILLIAM F. POWER have the sincere sympathy of their numerous friends in Aberdeen and Maysville in the death of their lovely little daughter, Ellen Marvin Power. She was born April 15th, 1894, and died February 12th, 1895, of pneumonia. The funeral arrangements not announced yet.

There's a home for little children
Above the bright blue sky,
Where Jesus reigns in glory—
A home of peace and joy,
No home on earth is like it,
Or can with it compare,
For every one is happy,
Nor could be happier, there.

COUNTY CULLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

PLUMVILLE.

James Sweet has moved near the Maysville fair grounds.

J. H. Elliott is slowly recovering from his late serious illness.

Born, Thursday, February 7th, to Postmaster and Mrs. R. L. Davis, a daughter.

Hardin Bradley, of Logan's Gap, Ohio, is the guest of his daughter, Mrs. Ella Jenkins.

John Morgan has moved from Orangeburg to the home he recently purchased of Mr. Sweet.

H. P. Wilson, who is teaching school at Pleasant Hill school house, has his home at C. M. Redman's, at "Rose Terrace."

Henry Boyd is able to be out after being confined to his room, with a lame ankle, unable to walk for the past six weeks.

Mrs. J. L. Cruy is at home after a pleasant visit to her new granddaughter, Miss Mamie Mildred Blythe, near Wedona.

William Pollitt has moved from the Sexton farm to his farm near Tollesboro. Mr. Sexton moved to the residence vacated by Mr. Pollitt.

Miss Nettie Martin and Mrs. Alice Martin and little daughter, Miss Aubrey, of Foxport, have been the pleasant guests of Mrs. M.'s parents, Mr. and Mrs. C. C. Degman, at Maplewood farm for the past two weeks.

Mrs. Marguerite Silvy came near being fatally burned Saturday by her clothing catching fire while standing near the grate. By the assistance of her father, Mr. Cook, the fire was extinguished. Her hands were severely burned. Mrs. Silvy's burns are painful but not serious.

Reminiscences have been brought up lately about the court house at Washington, Ky. It was at the old court house at Washington where Mrs. Stowe first witnessed a negro auction, and formed the idea of "Uncle Tom's Cabin," which has been translated in more different languages than any book except the Bible.

GERMANTOWN.

L. H. Maanen has rented the Hunter property on Broadway and moved his family into the same.

Mrs. Feba A. Pollock was called to Maysville to be with Mrs. T. J. Winters whom her many friends in this section regret to hear was so badly injured by a fall.

Since the weather has moderated sleighing is very fine, but with the thermometer fifteen degrees below zero and the wind blowing a blizzard there was not much fun in it.

Dr. H. B. Savage is rapidly convalescing, and he with the family take this means of expressing their gratitude to Drs. Reed and Owens, of Maysville, and Dr. Dimmitt of this place for their kindness during his sickness.

A. Williams lost a valuable horse one night last week. Found him dead in his stall. Supposed to have died of colic. Robt. Fagan and Thomas Tyler each lost a horse, but the animals being old and feeble they were supposed to succumb to the intense cold.

MT. OLIVET.

Matters of Interest Detailed by the Bulletin's Robertson Representative.

C. W. Sparks, of Sardis, was in town Monday.

Tom Ogdon talks of opening a branch store at Milford.

Unabated continues to be the interest in the revival.

The Saxby lecture has been postponed until March 16th.

W. F. Christian made a business trip to Augusta Monday.

There are several black eyes in town, caused by cutting stove-wood.

T. G. Gilmore, of E. R. Webster & Co., Cincinnati, was here Tuesday.

The blizzard has paralyzed one familiar visitor to Olivet—ye noisy drummer.

Depositions in the Betts divorce case have been taken here the past week.

Thomas Orme and family, of Abigail, will move to Kansas on the 28th inst.

Gov. Gore has bought a brand-spill-new suit of Hechinger's latest. What's up?

We venture the prediction that Flemingsburg will go "dry" in the election to be held on the 19th inst.

The first issue of the new Brookville paper will make its appearance the first or second week in March.

John S. Sprague has been appointed Town Trustee to succeed Jasper Jett, who has moved to Santa Fe.

David C. Mullikin has advertised his personal property for sale and will leave with his family for Kansas the last of this month.

Main Licking and the creeks are "fria" up from top to bottom almost, making stock water nearly as scarce as during the late drouth.

There are nine men and four women, thirteen in all, and all closely related to each other, living in this county, whose combined weight exceeds 3,000 pounds.

One of Olivet's beau ideals now induces about three misses a day on a typewriter to his Buckeye Belle (Center). His attachment for the precious Emerald is simply paralyzing.

Dr. Alton Wells is the latest mentioned as a possible candidate for the postmastership. The Doc has good running and staying qualities, the little Dover episode to the contrary, notwithstanding.

A. J. Bell, one of our leading farmers, has a ewe that dropped a lamb January 24th, and on the 28th following—four days afterward—dropped a second lamb, and ewe and lambs are living and hearty. This is the first instance of the kind on record.

A telegram received Monday morning announced that Howard Saxby was sick and would be unable to fill his appointment here that night. A crowded house awaited him and general regret was expressed by every one. It is presumed, however, that another date in the near future will be fixed for the lecture.

The Modern Mother.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy, than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

The Old Friend

And the best friend that never fails you is Simmons Liver Regulator, (the Real Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than pills, and takes the place of Quinine and Calomel. It acts directly on the Liver, Kidney and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

THE GOOD WORK CONTINUES.

The Associated Charities Busy Relieving the Wants of the Poor. Additional Contributions.

The meeting of the investigating and distributing committees of the Associated Charities at the Y. M. C. A. hall yesterday afternoon was attended by most all the members.

The reports showed that many poor families had been given temporary relief. Hundreds of bushels of coal, stacks of clothing, flour and other provisions had been distributed. Fifty families in one ward had received assistance.

After consultation, it was decided to more thoroughly systematize the work by having some gentleman from each ward, a member of the committees, issue all orders for relief for that ward. Also to deposit all supplies at the Mayor's office and give out nothing except on orders.

It was thought there are worthy families who are in need of assistance but who will not ask help, and the ladies on the various committees will look up such cases.

The following additional contributions are reported:

Mrs. A. A. Wadsworth, lot of clothing.
Mrs. Hannah M. Mullins, a lot of groceries.
"A lady," 9 pounds sugar, 1/4 pound tea, 1 pound coffee.

Henry Lins, dozen loaves bread.
Albert N. Huff, \$1.

Two ladies, two 24-pound sacks of flour.
"A lady," lot of bed clothing.

C. F. Zweigart, Sr., 1 barrel flour.
Master William Lurley, 2 cans tomatoes.

Master Robert Lurley, 2 cans tomatoes.
Rev. E. B. Calk, \$2 to buy coal.

Mrs. William D. Cochran, \$10.
George N. Crawford, 1 cans tomatoes and 5 quarts hominy.

Pupils of the Intermediate Department of the High School, male and female, clothing, tea, coffee, sugar, flour and potatoes, and \$1.00 in cash.

Simon Nelson, 1 dozen boys' shirt waists and 1 dozen hats.

W. W. Winkoff, 60 loaves of bread.
H. C. Baudel, 2 pairs of shoes.

Sam M. Hall, \$10.
W. B. Mathews, \$5.

R. L. Baldwin, \$2.
J. James Wood, 25 bushels coal, 10 pounds tea, 20 pounds sugar.

Tony Pfeffer, barrel flour.
A friend, lot of clothing.

Mrs. Roe Carr, lot of clothing.
Hechinger & Co., lot of clothing.

Will Trout, \$2.
Hall, Mitchell & Co., 25 bushels of coal.

Mrs. A. Worick, clothing.
Allan Dodson, 100 pounds flour.

Hayes Thomas, bushel potatoes and sack of flour.

The cash contributions have all been expended, and additional contributions of this kind are especially needed. All donations of whatever kind will be thankfully received and distributed where they will do the most good. Leave them at the Mayor's office.

TOOK HIS NEIGHBOR'S WIFE

And Skipped Out—Domestic Troubles in Two Homes at Rectorville.

Andrew Garrett, a farmer living at or near Rectorville, skipped out yesterday morning at 3 o'clock with the wife of his neighbor, George Dickson, and the report is that the runaways have gone to Virginia.

The above piece of news was given the BULLETIN by a gentleman from Rectorville.

The fact that Garrett has a wife of his own adds to the scandal. He married a daughter of John Garrett three or four years ago, but the couple separated a week or ten days since over some domestic troubles.

Dickson had been married about seven or eight years, and had two children. He and his wife had been separated about six months.

THE DANGER FROM ICE.

The Ohio River Badly Gorged at Jeffersonville.

JEFFERSONVILLE, Ind., Feb. 13.—The Ohio river continues badly gorged at this point, and, having fallen, the current is not strong enough now to carry the broken ice over the falls as the harbor boats break it up, and it lodges on the government dam. Should there be a sudden break-up, the probabilities are that the coal fleets now anchored above this city, belonging to Captain J. T. Duffy and to Cook & Huffman, would almost be swept out of existence. The first has 2,500,000 bushels on board, and the latter 1,100,000 bushels.

So heavy is the ice that the steamer J. C. Risher, though a heavy towboat, in trying to break it, ran up on it several times, and hung up for minutes before the floes would break off. In places the gorge is over 20 feet deep. Another gorge has formed at Wolf creek, 15 miles below here. This is the place where the great gorge of 1878 formed, running the river up 15 feet in two hours and stranding a number of steamers when it broke and the water receded.

Big Hotel Burned.

MOUNT HOLLY, N. J., Feb. 13.—The big hotel at Brush Mills, in the pines, was entirely destroyed by fire yesterday afternoon, causing a loss of \$150,000. No one has been living in the hotel since it was closed several months. The fire was first seen arising from the top of the elevator shaft, and the entire building was soon a mass of flames. Nothing was saved from the fire. This was one of the handsomest furnished hotels in the state, but it has not been a paying investment since it was enlarged a few years ago. The amount of insurance is unknown.

Death by Suffocation.

BUFFALO, Feb. 13.—Henry Humphrey, an Englishman, aged 45, met a horrible death by suffocation at the Lake View malthouse yesterday. Humphrey and two others had been sent to the up stairs bin to draw dry malt through chutes into a bin on the ground floor. While the malt was running Humphrey stepped into the bin and his feet were at once sucked under the rushing malt. His comrades were unable to rescue him, and before the chutes could be shut off from below, his head was buried under four feet of malt. When dug out life was extinct.

Defense Insanity.

FRANKLIN, Ind., Feb. 13.—The case of Cyrus Brown, charged with the murder of his wife, was called in court here. The case came from Bartholomew county on change of venue. He was sentenced to be hanged in a former trial, but one of the jurors was proved to have been intoxicated during the trial and the court granted a new hearing. The defense will be insanity.

Down an Elevator Shaft.

ANDERSON, Ind., Feb. 13.—Joseph Robinson, brother of Colonel William Robinson, appellate judge, fell 70 feet here and was perhaps fatally injured. He was on an elevator shaft on the third floor of a furniture store, when he slipped and was precipitated to the basement. He is one of the city's best known men.

Gas Explosion.

ELWOOD, Ind., Feb. 13.—A terrible gas explosion occurred here last night. The building occupied by the Elwood Fruit company and C. C. Hennes & Company, grocers, were wrecked. Messrs. Tebbis and Graham of the fruit company were seriously bruised and burned, and David Miller, an employee, was blown half way across the street and fatally injured. The explosion was caused by gas which accumulated under the floor and in some way became ignited. Loss, \$4,500.

Killed by a Falling Tree.

HUNTINGTON, Ind., Feb. 13.—Marley Bonowitz, 17 years old, of River, this state, was fatally injured yesterday afternoon by a tree falling upon him. The accident happened while he was cutting timber. His left arm was ground from the shoulder down and he suffered internal injuries, from which he died about 11 o'clock last night.

An Entire Family Poisoned.

LOGANSPORT, Ind., Feb. 13.—The entire family of John R. Moore were poisoned here yesterday by drinking water in which some unknown poisonous ingredient had found its way. The husband, wife and five children were in convulsions for several hours, but all are out of danger now, with the possible exception of the youngest son.

Compromised Cheap.

ALLIANCE, O., Feb. 13.—The noted case of Mrs. Mary Ann Miller of this city against the city of Alliance to recover \$25,000 damages for injuries alleged to have been sustained over a year ago, has been brought to a close by a compromise. The city pays \$350.

An Ex-Convict Sentenced.

MUNCIE, Ind., Feb. 13.—Frank Manon, arrested one week ago for forgery, yesterday withdrew his plea of not guilty and was sentenced to two years' imprisonment. He served a term in the Ohio prison from Dayton. He was married but two weeks ago.

Jammed in the Door.

SHELBYVILLE, Ind., Feb. 13.—Upon entering his baking packing factory yesterday morning Alexander Lewis fell from the step and the door closed on his hand, cutting off one finger. He is thought to be injured internally.

FIRES IN JAPAN.

But For Open Spaces the Japanese Cities Would Burn Up.

One of the quaintest sights in Japan is a fire. Hundreds of houses are often burned in the space of a few hours, and little or nothing can be done to stop the progress of the flames, especially on a windy day. If you except the roof, which is made of tiles, Japanese houses are built entirely of straw, wood, bamboo and paper. In the poorer districts houses are packed close together, and therefore if one happens to catch fire sometimes the whole street is burned down with incredible rapidity, and the fire only stops at some open space where it cannot possibly spread further. It is not unusual in Tokyo or some of the larger towns to hear of a thousand or even more houses having been destroyed in an afternoon or during the night.

No one is more afraid of fires than the Japanese, and high ladders are posted at short intervals all over the towns and in all the larger villages, on the top of which ladders a watchman sits all night and in case of fire rings a large bell hanging from the top. If rung at long intervals, the fire is distant, and one need not worry oneself about turning out of one's fountangs. If rung a little quicker, the fire is not far, but there need be no apprehension. But if the bell is vigorously and quickly tolled then you may as well say goodbye to your house, because in perhaps a few minutes it will be reduced to a mass of ashes.

The Japanese are wonderful at turning out at all hours of the night, even for going to look at a fire, and men, women and children in the coldest nights in winter think nothing of walking five or six miles to go and look at a big blaze. If the fire happens to be near, the excitement increases in proportion to the probability of one's house being burned down. You see people half seared and screaming, getting water wherever they can in pails, wash basins, tubs or anything they can lay hold of and throwing it all over the woodwork so as to diminish the chances of its catching fire. Then as the fire draws nearer, and the only water available has already been consumed, the process of saving what one can is put into practice. The amido, or wooden shutters, and the shojis, paper walls, are quickly taken down and brought into a safe place; the mats are lifted out of their places, and with the few articles of furniture are quickly removed. So that when the fire comes it only destroys the wooden frame of the house and the roof. That is all. It is seldom that life is lost in these fires, except sometimes when children or old people are unable to move, and once surrounded by flames they cannot be reached and often perish.

IT'S SPREADING.

The Electric Railway Idea Has Struck Kentucky in Earnest.

(Covington Post.)

The electric railway idea has struck Kentucky in earnest. Within the past week there have been proposed three new electric roads, ranging in length from eight to twenty-five miles. One is from Danville and Harrodsburg to Junction City, to intersect the L. and N. at the Junction with the Southern. Another is from Burnside, a point on the Southern road, in Pulaski County, to Monticello, in Wayne County, about twenty-five miles distant, while the third is from Mt. Sterling to Sharpsburg, about nineteen miles.

There is a strong probability of all these lines being built, with others to follow. A narrow-gauged steam railway is proposed from the rich coal fields in Morgan County to a point called Torrent, on the Kentucky Union road.

Let the good work continue.

WARNING.

Water Consumers Must Be More Watchful of Hydrants and Faucets.

Editor Bulletin: Since Friday morning at 4 o'clock, the people of Maysville ran out over two million gallons (2,000,000) of water.

I have to ask patrons not to let their hydrants or faucets run a steady stream.

The town is apt to be out of water if this wrong practice is not stopped at once. Yours truly, A. SCHAEFFER, Sup't.

Fishing Made Easy.

RALEIGH, Feb. 13.—A special from Pollocksville says: The excessive cold weather has benumbed the trout in the New river. Countless numbers of the fish can be seen floating on top of the water and people are picking them up in large quantities. One party secured 1,000 yesterday, and there were 130 barrels shipped by express from Jacksonsville, some of them weighing 40 pounds.

A VENERABLE COUPLE.

Elder and Mrs. D. C. Yazell Celebrate the Sixtieth Anniversary of Their Marriage.

Elder and Mrs. D. C. Yazell celebrated the sixtieth anniversary of their wedding Saturday, February 9th, at their home at Plumville. They have ten children, quite a large number of grand-children and great grand-children. How appropriate are the following verses:

The old man sits, with folded arms,
In his easy chair to-day;
His happy wife, with crossed palms,
Hums snatches from the olden psalms,
In a cheerful kind of way.

'Tis sweet to see this aged pair,
Who have loved so long and well,
Each other's joys so fondly share,
And every little grief and care
Alike each bosom swell.

'Tis sixty years since they were wed,
Just sixty years to-day;
They have outlived the early deal,
But age has bowed each silver head—
They soon will pass away.

Well may their dim and faded eyes
Overflow with pearls of tears,
As visions of the past arise,
And memory on its mission flies
Back to those early years.

Again they tread the village green,
Where in infancy they played,
O'erjoyed at the familiar scene,
Until a shadow comes between
And happy visions fade.

Then comes a gleam of later years,
Of friends so tried and true,
Who sympathized in all their fears,
And wiped away their bitter tears
And made their sorrows few.

"Where are they now," the old man cries,
"The cherished friends of yore?"
Pointing to the arching skies.
The good wife fearfully replies,
"They are all gone before."

"And soon our days will ended be,
We've nearly reached the shore;
We've sailed upon life's stormy sea
For four score years and more;
Our journey's almost o'er."

The electric thrill of health

is never felt by those who are run down—out of sorts—poor in blood—badly nourished—dyspeptic. That would be impossible, and so the delight of living is lost!

Brown's Iron Bitters

brings weak people up to the standard of health—feeds the blood—acts on the nerves—strengthens the muscles. It brings the blush of youth to weary women's cheeks—is a boon to the invalid—refreshes and renews life in the aged—nourishes the weak, puny child—briefly said, it gives strength, and strength cannot exist without perfect health. It is a necessity in every family. It does not injure the teeth or cause constipation.

It's Brown's Iron Bitters you need!

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
